Process \*

Selecting Pending and clicking Save or just clicking Cancel will return you to the NCOA Match list without modifying the voter.

Selecting Discard and clicking Save will remove the voter from the NCOA Hopper without modifying the voter's address.

Selecting Update and clicking Save will take you to the Update Registration page for the voter. The new address populates the Residence Address field. The previous address (i.e., the address currently in VERIS) populates the Previous Address fields.

## NCOA Correspondence

If a NCOA confirmation mailing correspondence is **returned by the USPS as undeliverable**, it should be recorded on the voter's record.

1. Search for the voter. View the Correspondence History of the voter. Then click on the pencil next to the Voter Registration NCOA Confirmation Mailing record.

[Home](#) > [Voter](#) > [Voter Overview](#) > [Correspondence](#)

#### NCOA Transfers - IN and Out of Jurisdiction

##### Out of Jurisdiction Moves:

When you receive a notice indicating the voter has moved to another locality in the Commonwealth of Virginia:

1. You should update the voter's correspondence history
2. Copy both the original alpha document and the confirmation notice and forward the originals to the locality the voter's has moved to.

##### IN Jurisdiction Moves:

Updating the voters record by transferring them into your locality will result in the 'Confirmation' flag being removed and generate a new voter card.

## NCOA Reports

The Hopper Detail report has been updated to include the information from the NCOA Hopper. Four new reports were created for the NCOA functionality and are located under the Voter category.

- **NCOA Confirmation Notices Not Sent Statistics:** This report lists the number of voters in each locality that did not have confirmation notices sent.
- **NCOA Confirmation Notices Sent Statistics:** This report lists the number of voters in each locality that did have confirmation notices sent.
- **NCOA Confirmation Notices Not Sent:** This report lists voters in each locality that did not have confirmation notices sent. This report is considered internal because protected voters' residential addresses will appear on it. There are 4 possible reasons that will be indicated on the report for why notices were not sent:
  - **RESIDENTIAL FORWARD TO PO BOX:** As of the move date, the voter is receiving his mail at the indicated PO Box instead of the VERIS Residential Address. This change does not indicate that their physical residence has changed.
  - **MAILING ADDR CHANGED:** The voter has submitted an address change for their VERIS Mailing Address and no change for her VERIS Residential Address.
  - **NO FORWARDING MAILING ADDR:** The USPS indicates that the voter is no longer receiving mail at the VERIS Mailing Address but there was no change for his VERIS Residential Address.
  - **OTHER:** The voter is appearing for an unknown reason that requires investigation.

- **NCOA Confirmation Notices Sent:** This report lists voters in each locality that had confirmation notices sent. There are two versions of this report:
  - **Internal:** The internal version of the report displays the residential addresses for protected voters.
  - **Public:** The public version of the report does not display residential addresses for protected voters. Instead the protected voter's mailing address displays for all three address lines.

There are two ways to distinguish between the two reports.

- The Internal report does not have 'Public Report' in the report title and has the Sensitive Information Warning at the bottom of the report.
- The Public report has 'Public Report' in the report title and is missing the Sensitive Information Warning at the bottom of the report.
